

Dear Parents/Guardians:

In order to ensure your child's good health the Pennsylvania School Code and Twin Valley School District requires that students have a **physical examination** done upon entering school (**K or 1st** and 6th and 11th grade and a **dental exam** done upon entering 3rd and 7th grade.

Attached are the forms to be completed by your private practitioner.
To promote continuity of care, it is recommended that your private doctor & dentist perform these exams.

In the event that you cannot have these exams performed by a doctor or dentist, the school, with your permission, will provide a brief medical and dental screening. You are invited and encouraged to attend these exams.

Proof of immunization is required before students can attend school in the Commonwealth of Pennsylvania. **Be sure to bring a copy of your child's immunizations to registration.**
